## TO HAVE FINE CLUBHOUSE.

One to Be Erected on Grounds of Cape Fear Golf Club.

[Special to The Times-Dispatch.] WILMINGTON, N. C., March 12.—The Cape Fear Golf Club will soon have erected on its extensive grounds to the east of Wilmington a fine country house on the links, but this is to give away to one of more pretentious looks and by far better accommodations. The building will be situated near the clubhouse, but not too close, and will furnish a delightful stopping place for members of the club and also an excellent place for the holding of teas and receptions that often take place in connection with different golf tournaments. The plans for the elegant building will be drawn by Mr. Charles McMillen, who is a prominent member of the club, and who has won several handsome cups in golf tournaments.

## CARS HAVING HARD TIME.

The Pullman Has Accident at Franklin, But Is Still Well Ahead.

[Special to The Times-Dispatch.] SUFOLK, Va., March 12.—The auto cars in the Philadelphia to Savannah endurance test are having somewhat strenuous times with storms and rain-soaked roads and progress is slow. Both cars left here yesterday morning for Portsmouth. Returning the Pullman passed Suffolk at 3:30 last night, the Studebaker at 2:30 this afternoon, seventeen hours behind. The Pullman had an accident at Franklin about 1 o'clock this morning and didn't leave that town until noon today. The Studebaker passed Franklin only five and a half hours behind. The cars go via Danville, Va., and Charlotte, N. C. They have done in eight days what they expected to accomplish in less than four.

## CLEVER WITH HIS DUKES

TOMMY O'TOOLE.

Who will battle Moran in New York.

It is expected that this bout will draw excellently, for O'Toole is very popular in New York, as he has won every bout that he has fought on the island of Manhattan. If the Philadelphia defeats Moran he will be in line to fight Abe Attell, the American champion. Moran, it will be recalled, fought Attell to a draw on the Pacific Coast some time ago.

## BASEBALL NOTES.

Deininger, who may play regularly for the Phillies this year, is said to resemble Donlin, both in his manner of fielding and at bat.

Boston enthusiasts seem to be of opinion that Tenney will play better ball for New York than he did for Boston, largely because of the fact that he will not have the worry taking care of the team on his mind and also because he won't have to think about saving money for the proprietor of the club.

Clarke, Cleveland's best catcher, declines to sign his contract because it is lower than his theory of his value to the team. He says that he will quit ball-playing if he is unable to obtain what he desires.

In regard to a reinstatement being necessary for Donlin by the national commission, because the player did not play with the Giants in 1907, John T. Brush says that he doesn't quite see what there is to reinstate, inasmuch as the New York club never made a complaint to the national commission in regard to Donlin's absence from the team. "We know that his ankle was too weak," said Mr. Brush, "and let it go at that."

## New Bern May Have Team.

[Special to The Times-Dispatch.] NEW BERN, N. C., March 12.—There are yet prospects that New Bern will have a baseball team this summer, although she was shut out of the Eastern League. A meeting was held on Wednesday night at the Elks Club and a number of plans for a team were discussed, and it was decided not to let the matter drop, but to put a team in the field if possible. Quite a number are interested in the matter, and the prospects are yet good for some ball here during the summer.

## NEWS OF THE BOXERS.

Peter Maher has started another season in New York. His first venture in that line a few years ago was a failure.

Joe Teel states that he is in good shape now, after a good rest, and ready to meet any lad his weight in Philadelphia, Frankie Moore preferred.

Mayor Taylor, of San Francisco, is holding up the April and May fight permits. He was voted to Luke Marisch and Jack Gleason by the supervisors. This is significant, and indicates that they may be vetoed and the permits given to other promoters. Jimmy Britt and Packer McFarland are to fight at 132 pounds, weight in at 3 o'clock. They will get 50 per cent. of the gate receipts, which is to be divided 50 and 40. Both Britt and McFarland are getting heavy now, and a lighter weight would be difficult to make. A referee will be selected ten days before the fight.

## KING KELLY FOR MANAGER.

He Will Have Charge of Raleigh's Team in Eastern Carolina League.

RALEIGH, N. C., March 12.—Directors of the Raleigh Athletic Club tonight elected Major Charles H. Kelly, secretary-treasurer. He resigns the place he previously held on the executive committee, and H. H. Carr, general manager of the street railway company, is made committee man in his stead. The executive committee has elected George W. Kelly, known in sporting circles as "King Kelly," as manager of the baseball team. The club will enter the Eastern Carolina League, with Wilmington, Goldsboro, Kinston, Wilson and Rocky Mount, there being also strong probability that Newbern and Fayetteville will also be admitted, making an eight-team league. The season opens June 8th and closes August 15th.

King Kelly, who will manage the Raleigh team, is well known in baseball circles, having managed the famous "Red Bird" and other interstate league teams Raleigh has maintained in the past.

WAKE FOREST, N. C., March 12.—Wake Forest won the first game of the season this afternoon from Orange Grove by the score of 7 to 0. The visitors played a snappy game for the high school.

The field work of the locals was splendid, with the hitting of Dawson, Freeman and Joseph as features. Temple allowed only four hits, while Lamb yielded eleven, two being two-baggers. The batteries were Temple and Hainrick, for Wake Forest; Lamb and Farish, for Orange Grove. Errors: Orange Grove, 2; Wake Forest, 1. Umpire, Caddell.

## BETTORS MUST KEEP MOVING.

Court Upholds Present Method of Gambling at Benning.

WASHINGTON, D. C., March 12.—The present method of bookmaking at the Benning race-track meetings, under which the bookmakers have to constantly move about in the ring, was yesterday upheld by a decision of Justice Stafford, in the Criminal Court in the case of John Walters, a New York bookmaker. (See case.)

An appeal will be taken by District Attorney Baker, but pending the ruling of the District Court of Appeals the bookmakers will be allowed to ply their vocation provided they continue to move about the inclosure as at previous meetings.

## SWARTHMORE WILL RETAIN ATHLETICS

College Rejects Bequest of Miss Jeanes—Found to Be Not Over \$47,000.

PHILADELPHIA, Pa., March 12.—Swarthmore College will not abandon participation in intercollegiate athletics, as the trustees which investigated the bequest of mineral and coal lands made by Miss Anna J. Jeanes, the wealthy Quakeress, which carried with it the proviso that Swarthmore withdraw from all intercollegiate games.

The trustees which investigated the value of the bequest, which hinges on the value of coal lands, reported that the lands were worth anywhere from \$10,000 to \$17,000. It has been believed heretofore that the bequest would amount to upward of \$100,000. The investigators found that much of the land did not contain coal or other minerals.

There is great rejoicing among the students and alumni at the decision of the trustees, as both students and graduates are opposed to the proposed withdrawal from intercollegiate sports. The trustees have unanimously adopted this resolution:

## RAILROAD NEWS

FROM ALL POINTS

Orders of Interstate Commerce Commission to Preserve Records Being Strictly Obeyed.

As a result of the recent Interstate Commerce Commission hearing in Richmond local representatives of the various passenger business of the line had all ridden from Newport News on one of the Chesapeake and Ohio coal freights, "Squire Lewis" sided with the majority and shed the squad \$2.50 each, with the addition of sixty days to the followers of Annanias. Among those who "came clean" was "Buckeye" Harry, a performer of the Roanoke Bridge Company.

## Inspection of Blues.

Company 1, Richmond Light Infantry Blues, with the Blues band, was inspected last night in the armory of the Seventeenth Virginia Regiment, by Colonel Charles A. Dempsey, United States Army, retired, in the company drill and inspection of Company A every man made 100 per cent. The Blues band was present, and the fine work of the officers, Companies B and C will be inspected to-night in full dress uniform.

## Effect on Seaboard Revenue.

According to a statement issued by an attorney for the Seaboard Air Line, the passenger business of the line in North Carolina failed to show a profit as a result of the reduced rate. A comparative statement for five months showed an increase of 14.05 per cent. in the number of passengers, but a decrease of 10.41 per cent. This, of course, referred to a period when the maximum charge was 2 1/4 cents a mile. Applied to the entire system, it would mean a loss of \$100,000.

## Local Salaries Reduced.

The recent reduction in salaries of officers, agents and employees of the Southern Railway, effective March 1st, applies to the force in Richmond. When the next checks are received they will be exactly 10 per cent. less than for last month. Railroad men can be fully interpreted and the documents named therein identified with forms used by this company, all officers, agents and employees are hereby notified that under no circumstances shall any number or record of any character be destroyed until specific authority is given therefor."

## More Operators Employed.

Without exception, the railroads in this territory have complied with the nine-hour law, which makes it necessary to increase the number of telegraph operators, meaning also, of course, a big increase in the operating account. When the block system came into general use a few years ago the transportation companies were hard pressed for operators, many of them establishing telegraph schools, where
